EXCHANGE & KICK BACK.
EXCHANGE & KICK BACK.

The Co-Table is an adjustable and collaborative table for work and play, since it can be converted into a ping-pong table.

Facing off after bouncing ideas off each other is a fun way to end your meeting.

FOCUS & CREATE.

This complete space of 190m², which can be fully privatized, is a strong concept in addition to the convention center. Le Loft is composed by a plenary room, breakout rooms and the "backstage" area. Fully modular it is also very convenient with its own private entrance. It is a true asset for your events.

THE SHOW MUST GO ON.

Forget any preconceived ideas you may have about event catering. Whether you want to organize a barbecue in the patio, a themed dinner or a spectacular product launch, just share your craziest ideas with our Chef and his brigade.

They are always up for a challenge! The main objective is quite simple: to amaze you with delicious and original dishes in buffet style or à la carte.
