## A brand rooted in fashion

Designed by Guillaume Henry, rising fashion star and Artistic Director of fashion house Patou, the uniforms of SO/ Paris are fresh and charming, created for people on the move. Here, omnipresent within this hotel between the Seine river and the Arsenal basin, water is referenced everywhere, via oilskins, denims and striped sailor sweaters. Guillaume Henry has also designed the hotel's emblem, which is reproducible in embroidery, around themes of the lighthouse, the Fresnel lens and the sea's waves.

## Bonnie

Alive day and night, SO/ Paris is home to Paris Society's new signature experience, Bonnie. The restaurant, club and bar span the top two floors of the building and offer a breathtaking 360° panoramic view of city.

**Restaurant** One glance, forever remembered. Day and night the Bonnie boast breathtaking views of the River Seine. The cuisine at Bonnie, first and foremost Parisian, promises to be generous and inventive. An international offering, accented with signature French classics and a seafood touch.

**Bar** On the bar side, with sweeping panoramas over Paris' rooftops, Bonnie offers a festive and personalized menu. Halfway between Paris and New York, the style is urban, arty and vintage.

**Club** Bonnie inspires celebration. Paris's only glassed-in rooftop club has been designed to live unforgettable moments at the top of the SO/. Just you, the stars... and everyone who loves an edgier social scene.
